JOHN DWIGHT & CO'S

SODA SALÆRATUS

MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.

The attention of the public is called to this article as being superior to Pearlash Salæratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Salæratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.

Also may be found, John Dwight & Co's

Washing & Cleansing Powders,

which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.

Directions for use are printed on each package.

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and South-western States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats*, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of such a class of Boats. Boats leave New York and Buffalo daily.

Refer to L. J. Higby, Thomas P. Williams, and Kellogg, Strong & Co., Milwaukee.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Briar Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

EMPIRE

INSURANCE COMPANY,

Union Springs, N. Y.

CAPITAL..................... $100,000.

THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response from a discerning public. Our Charter and By-Laws require that the applications received shall be divided into two or more classes. Dwelling Houses, and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Work-shops, School-houses, Seminaries, Churches, and other kinds of hazardous property, usually taken in the so-called "Farmers' Companies," or "Farmers' Departments." This will render the EMPIRE emphatically a "FARMERS' COMPANY."

They submit for the judgment of their fellow citizens the following summary of their plan of operations:

1. Policies will be divided into distinct Classes, the funds of each class being kept separate, and each paying its own losses. The notes given in one Class are not liable for losses happening in the other.

2. Any applicant may, at his option, pay a definite sum in full for his insurance, in lieu of giving his note.

3. The First Class to consist of dwelling houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.

4. The Second Class to consist of Churches, School-houses, Seminary buildings, Work-shops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.

5. Not more than $3000 will be taken in one risk.

6. Steam Mills of all kinds, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Furnaces, Machine Shops, and other extra hazardous property will not be taken in this company.

7. This Company will hold itself responsible for the correctness of all surveys and other official acts of its authorized agents, thus ending all cavil as to the technical correctness of surveys, and the consequent liability of the Company.

8. Any policy-holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal.

9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss shall have occurred.

10. Additional Stoves may be set up, or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be notified.

11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.

12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.

The Directors, in soliciting patronage for the *Empire Insurance Company*, do so in the firm conviction that the plan will be found as CHEAP and SAFE as any company can be made. In arranging their Rates of Hazard, and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses; laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.

For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates of Hazard and Classification of Property to be insured.

MUTUAL BENEFIT ASSOCIATION,

Union Springs, N. Y.

THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles, and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved, and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE, within the past few years, in localities where its principles have been understood, and its beneficent results practically seen and felt, is unparalleled.

Men are literally binding themselves together to bear one another's burdens. No kind of Insurance can be so generally useful as that of Health; for most people are dependent upon it as the capital which enables them to procure the means of livelihood. Hence, when by disease or accident this is gone, all is gone; and either an unpleasant dependence on friends, or poverty and pauperism, is the consequence. It is not presumed that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.

Conditions of Membership.

A CERTIFICATE OF MEMBERSHIP will be forwarded on payment of $1,50 Admission Fee, and the first annual deposit mentioned below. Each member will be entitled to a Weekly Benefit during the time disabled by sickness or accident from attending to his ordinary business or occupation. Capital over $165,000—in Cash and Premium Notes.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2000 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

[The census tables, as published in the *Express*, contains the figures for 1842, 1846 and 1847. We are obliged to condense them as above.

Milwaukee Daily Sentinel.

FRIDAY MORNING, MAY 28, 1852.

Rufus King, Wm. H. Watson & John. S. Fillmore
PROPRIETORS.
UNDER THE NAME AND FIRM OF
RUFUS KING & CO.

☞ TWO GOOD COMPOSITORS can find steady employment by applying at this Office *immediately*.

GOV. DEWEY AND HIS SUBSTITUTE.

An animated discussion has sprung up among our "democratic" friends as to the right of Gov. DEWEY to appoint Ex-Secretary WM. A. BARSTOW as his "substitute" in the Baltimore Convention. The *Wisconsin* affirmed that he had such authority and the *Commercial* denied it. Some Milwaukee politician, writing to the Chicago *Democrat*, treats the appointment as a trick, intended to help Gen. CASS, at the expense of Gov. DODGE and Senator DOUGLASS. This idea is indignantly rebuked in yesterday's *Morning News*, which is quite concerned to see such "insinuations" thrown out on the eve of the contest. In the *Wisconsin* of Wednesday there appears a certificate from our late Whig friend, but now shining Democratic light, ANDREW E. ELMORE Esq., that Gov. DEWEY had all necessary authority in the premises. Mr. ELMORE further certifies that the Democratic State Convention last year, dodged a direct vote on his Anti-Bank resolution, and *rejected* a proposition to re-affirm the resolutions of 1849, *tho' the fact was suppressed in the published proceedings!* Indeed Mr. ELMORE declares that the proceedings as published were a mere "caricature" of what actually occurred, and he frankly adds:—

> I have not time nor inclination to pursue this matter further now, and have nothing to say as to the *policy* of the power conferred. I give the *facts* and know them so to be, for after the publication of what purported to be the proceedings of the last Democratic State Convention, I wrote a statement of what transpired that was not published, and *was advised not to have it printed, as its tendency might be to injure the Democratic ticket.*
>
> ANDREW E. ELMORE.

We have no doubt that Mr. ELMORE states the case truly. Gov. DEWEY, in appointing Mr. BARSTOW as his substitute, exercised an authority conferred upon him by the State Convention. And if any objection is urged against Mr. BARSTOW's taking his seat, it will be, not because his appointment was irregular or unauthorized, but because his *vote* will not be cast as certain wire-pullers desire.

☞ A "Merchant" enquires, "Why are the mails from 4 to 5 days coming from Chicago to this city this year, when they were only two days last year?"—*Buffalo Commercial*, 22d.

We are rejoiced to find this query in the *Commercial*, and should be happy to see an answer to it in the same quarter. Our Merchants and Business men have been asking similar questions these three months past, but can't get any reply yet. We suppose there *must* be some apology, if there be no good reason; for these insufferable Mail delays and disappointments.

☞ The Chicago *Journal* and Milwaukee *Sentinel*, well known Whig journals, are compelled to denounce the present mail mismanagement. Electors will remember that both vehemently supported the election of the present Administration.—*Wisconsin* of yesterday.

Suppose we did "support the election of the present Administration," does that debar us from censuring the "mail mismanagement?"

POST-OFFICE OPERATIONS.—The Postmaster General has discontinued the Post Office at MENTOR, Sheboygan county, and has established new Post Offices at NEWPORT, Columbia county, JOSEPH BAILEY, P. M.; MILLVILLE, Grant county, CHARLES C. DRAKE, P. M.; JOHNSON'S CREEK, Jefferson county, LEVI BRYANT, P. M.; GIDDINGS, Sauk county, J. W. MORLEY, P. M.

☞ Nothing East of Sandusky by the mail last night, and Detroit papers of Tuesday morning; a day behind, as usual. Will our Detroit contemporaries please ascertain if the papers are held back a day there, or detained a day at Chicago? It is only on one or the other supposition that their *regular* failure can be accounted for.

☞ The Whig Convention of the second district in Massachusetts, elected OTIS P. LORD, of Salem, Delegate to the National Convention. Mr Lord goes for Webster as his first choice, but will sustain a nomination of the Whig party. A resolution instructing the Delegate to vote for Daniel Webster was unanimously adopted.

Proceedings of Common Council.

Reported for the Daily Sentinel.

THURSDAY, May 27—3 P. M.

The Board met pursuant to adjournment.

Present, the Mayor and a quorum of Aldermen.

Minutes of last meeting read and approved.

PETITIONS, ACCOUNTS, ETC. PRESENTED AND REFERRED.

By Ald. Brown, from Messrs. Fairbanks, offering to put up one of their improved Hay Scales on Market Square, upon easy terms.

By Ald. Heubschmann, from the officers of the Milwaukee Orphan Asylum, asking the Council for the promised $500 to aid in the construction of a suitable building for the Asylum.

By Ald. Prentiss, petition of D. Diedrichs and others, for opening and widening Prospect street; also application of J. J. Myers for lease of portion of Hook and Ladder Co.'s lot.

By Ald. Foote, for a public well at the corner of Cass and Ogden streets; also, of sundry citizens, to exempt Barber's Poles from operations of Sidewalk Ordinance. Laid on the table.

By Ald. Johnston, from Samuel Morse, for permission to erect a wooden addition to his store in the 4th Ward.

The above petitions, &c., with the exception noted, were appropriately referred. A number of accounts were likewise referred.

LICENSES, &C.

A petition was presented from sundry persons dealing in ardent and spirituous liquors, asking a reduction in the rates of license from $30 to $15; permission to transfer licenses, and suspension of proceedings commenced against those who had complied with the law.

Ald. Hickey moved to refer to the committee on Ordinances.

The Mayor said that, as Chairman of that Committee, he should report that the Common Council had no power in the premises. The law of the State fixed the price of licenses at $30, and the shortest period for which they could be taken out at one year; and the Council could not alter either. He had therefore instructed the Marshal to prosecute all persons selling liquor without license, and to enforce the law without delay.

REPORTS OF COMMITTEES.

By Ald. Martin, from the Fifth Ward, in favor of paying sundry accounts for work done on Streets. Adopted.

By Ald. Hickey, from the Third Ward, in favor of sundry accounts against the Third Ward. Adopted.

By Ald. Brown, from Committee on Fire Department, in favor of paying sundry accounts against the city.

By Ald. Prentiss, in favor of paying accounts of Ludington & Co., and Bray & O'Neil. Adopted.

By Ald. Huebschmann, in favor of issuing City Certificate for $787.89, to James Smith, in payment for two Hose Carriages and several hundred feet of hose. Carried.

By Ald. Huebschmann, from committee to confer with Board of Survey, adverse to any new appointment of City Engineer, and recommending that the Aldermen of the several Wards order profiles of the streets to be made.

An invitation from the Committee of Arrangements of the "People's Festival" was received, and accepted by the Board.

The plans and specifications for the Cherry-st. Bridge, and a communication on the same subject, were referred, on motion of Ald. Prentiss, to Aldermen of First and Third Wards.

RESOLUTIONS.

By Ald. Prentiss, extending the time for the Assessors to make out and return their rolls to the 20th day of June next.

On motion of Ald. Huebschmann, the time was altered to the 15th of June, and the resolution, as amended, ADOPTED.

By Ald. Prentiss, directing Committee on Fire Department to inquire into the expediency of purchasing the lot on which the Hook & Ladder and Hose house now stands. Adopted

ORDINANCES.

The Mayor submitted an Ordinance relating to licensing and taxing Auctioneers, which was read twice, rules suspended, and the Ordinance passed *nem. con.*

The Board then adjourned to Thursday, June 10th, at 2½ P. M.

☞ The Whigs of Dallas Co., Alabama, have taken measures to be represented in the National Convention, and have instructed their delegates to withdraw, if the Convention refuses to recognize the finality of the compromise measures, and to organize a separate convention for the nomination of candidates upon the basis of the finality principle.

Great people, those Dallas Co. folks! How many thousand electoral votes would Alabama give the Whig candidate, if their sectional notions were carried out?

RAPID MAILS.—The Buffalo papers which came on Wednesday evening announced the clearance of the Steamer Sultana and Propeller Saginaw, on the 20th, and the propeller Illinois on the 21st.—All of them arrived here several hours before the mail!

A SUGGESTION.—A southern paper suggests that at each of the polls throughout the Union at the Presidential election, there be furnished a box to receive contributions for the National Washington Monument. The amount received would complete that great structure in a short time.

MINNESOTA.—Gov. Ramsey has issued his Proclamation, giving official notice that the Maine law has been ratified by the people of Minnesota, and went into effect on the 3d inst. The total vote on the question was as follows; yeas, 662. (nays 2) Majority for the law 191.

☞ KOSSUTH arrived at Buffalo on the 21st, and immediately left for Niagara Falls on the steamer *Emerald*.

AMERICAN EXPRESS COMPANY.—The Milwaukee 'Wisconsin' growls and scolds with terrible earnestness at this company, calling it a "nuisance," because it has failed to bring the packages of one merchant in that city, from New York as speedily as he hoped for their arrival. The Company are old settlers here, and all our business men know that they cannot be beaten by any set of men in existence for promptness, energy, and attention to business. If it takes them a long time in this one instance to carry goods to Milwaukie, it is certainly owing to some cause over which the company have no control.—This company is doing a larger business this spring than ever. They receive and transmit at this point daily, immense quantities of parcels; and such a thing as their being charged with negligence or tardiness is almost unknown. The suffering party at Milwaukee may depend upon it that it was misdirected or something of that sort. He may be sure that if once in the possession of the American Express Company, properly directed, it would be delivered at his door as soon as the wings of steam could carry it there.—*Buffalo Courier* 21*inst.*

Washington, May 20, 1852.

The Public School children, to the number of 3,000, marched in procession, accompanied by the Mayor and City Councils, to the Capitol, at noon to-day, and were received by the committees on the District of Columbia, of the Senate and House of Representatives. A deputation of 1 from each school presented a petition signed by 20,000 citizens of Washington, praying for a grant of public lands to the schools. Major Lermose prefaced the petition with some remarks, which were eloquently responded to by Joseph R. Chandler.

The General Assembly of the Presbyterian Church of the United States, new School, convened to-day in the Fourth Presbyterian Church of this city, and was opened by a sermon by the Rev. Albert Barnes, of Philadelphia, Moderator of the last General Assembly. A large number of Ministers are in attendance. The Assembly fully organized by the election of the Rev. D. D. Adams, (Fourth Presbytery, New York,) Moderator, and Rev. John N. Lewis, (Hudson Presbytery, N. Y.) Clerk. Adjourned till 9 o'clock, tomorrow morning.

CIRCUIT COURT.

Trial of James Connaughty and Patrick McDonald, for the Murder of John Gullen.

BEFORE JUDGE HUBBELL.

James A. Mallory for Connaughty, Doran & Smith for McDonald.

District Attorney A. R. R. Butler, assisted by J E. Arnold, for the State.

WEDNESDAY EVENING, May 26.

Dr. Hatchard—Cross-Examined.—It is nearly ¼ of a mile from place of murder to the river.—If wounds had been committed with an iron, it would have been likely to fracture the skull.—Don't think he died instantly—might have revived, and become insensible—wound on the temple was bruised—possible that it might have been produced by flat side of instrument which cut the head—think it was not done by a brick—often the case that very little fluid found in the body.

(Nothing of importance elicited besides.)

THURSDAY MORNING, May 27.

Chas. Mallon.—Knows the prisoners—recollects the murder—lived next to Connaughty—did not know Gullen; weather was warm, and wife was cooking; walked out by McDonald's house; heard a noise there as of a party drinking; stopped near a window with a curtain inside two or three minutes; heard McDonald ask somebody what he paid for his new boots; was answered, "D—n your soul, don't ask me such questions, or I'll give you a kick in the face with one of them"; went away then and heard no more; it was at twilight; heard no more till his wife woke him; heard the children crying in McD's house; one said (obj. to and exc. taken) to his father, "quit, or you'll go to jail"; this was before witness opened the door; went out and saw Mrs. Connaughty; saw Pat'k McDonald standing with his legs across a man lying on his back; saw McDonald raise his hand and strike down; his fist was shut; don't know as anything was in it; he struck twice before witness spoke; Mrs. McDonald had something in her hand striking the man as he twisted around on the ground; couldn't tell then what she struck with; saw a piece of wood in the blood next morning which he thought looked like what she struck with; saw the man raise his feet to kick at McD.; witness said, "Paddy, ye'll be sorry for this work in the morning, depend on't." At this, Connaughty's wife went into her house; McD. raised himself off from the man, and came towards witness' door; saw the man they had beaten rise and go towards Milwaukee street; witness' wife shut the door of her house when she came along. McD. asked if witness would go with him to John Shortell's; witness didn't know where that was; McD. said he would "have that blackguard taken, for he had ill-used his wife"; called on him in the name of the State to go with him for an officer; threatened witness if he did not go with him; McD. went towards Huron st. Went to bed then; heard McD. coming back; heard him say "Where is he now?"; he was talking like a man out of his mind.

Was dressing by a window next morning—saw McD's wife coming from Connaughty's door—she had a child by the hand—saw the blood on the ground near Connaughty's house—must have been two quarts of blood—in one spot, not scattered around—saw a stick covered with blood except the part held in the hand—saw blood along where the man went the night before—towards Murphy's house on Milwaukee-st—traced the blood as far as Murphy's house, where witness turned off to go to his work.

Went to McD's house next night for a rat trap—saw McD. in bed, and Connaughty and McD's. wife both there; McD. asked if witness would buy his shanty; asked why he wanted to sell; McD. said he wouldn't stop any longer after that boy had been beaten; witness said he heard Gullen was in at Guerin's house; McD's. wife ran out, and came back, in great joy, and said she heard he *had* been there; Connaughty got up and went out before she came back. Heard that Gullen couldn't be found.

Cross-examined.—It was a gloomy, misty sort of a night; McD. went off in different way from the man; the latter went off rapidly; don't remember that McD. asked him to go for an officer before he got off from the man. The persons were in a confused crowd when he saw them at night on Sunday; heard Connaughty coughing in his own house, right after; the man on the ground made no noise; don't remember any boards lying about; it was near ¾ of an hour before McD. came back; he was then for a long time going on like a madman, calling his wife hard names, for her conduct with "that blackguard"; witness had no time-piece in his house; didn't know the man that was beaten; couldn't tell about his dress; didn't notice any other pieces of wood except the one spoken of; McD. didn't raise his hand high when he struck the man; the man's feet came up pretty actively.

Direct resumed—the stick was over a foot long, and about 1½ inches square.

Ann Mallon—wife of last witness—knows the prisoners; didn't know Gullen; heard of the case; was wakened that night by children crying.—"Father and Mother, don't fight, yell be put in jail;" thought Mr. D. and his wife were fighting; called her husband, who got up and went to the door, saying that he'd make peace; stopped him, telling "if they fell out, let them fall in again." Husband spoke to Mr. D. who got up and came towards the door; witness shut the door; saw the blood near Connaughty's door next morning; didn't like to go near it. Mrs. Connaughty said (*objected to*) that she burned a stick of wood that was bloody.

Cross examined—saw two or three persons fighting in the street, and the children screaming about them; heard no moaning during the night.

Wm. Crook—knows the prisoners; knew Gullen; heard of his death and saw the body.—Lived about 40 rods from where Mr. D. lived; didn't hear the disturbance; nor see any thing of it. About 10 next morning, saw people walking around the place. On Sunday morning, saw O'Brien searching Connaughty's house, and bringing clothes out from one of the houses; saw tracks of blood from Milwaukee Street towards McDonald's house across vacant lots; has not conversed with prisoners; saw body after found; took it to be Gullen's.

Cross Examined.—Heard no moaning or other noise.

Mrs. McCormick—knows the prisoner—didn't know Gullen; heard of his death; heard a noise near McDonald's house about 2 o'clock in the morning; heard a child crying—"daddy don't do it!" three or four times; heard no more; thought he was falling out with his wife; next morning saw Connaughty and a joiner walking across the yard; as C. walked back he kept rubbing his foot on the ground here and there; this was about 10 yards from witness' door; he was coming from Milwaukee St., towards his house.

Cross Examined.—Back of witness' house faces Connaughty's; lives in nearest house except Mallon's; heard no other noise.

John Murphy—lives on S. W. lot of block 16; fronts on Milwaukee, 20 ft. from Detroit street; running back to the alley; McD's and Connaughty's houses are on rear part of lost 10 in same block; knows Connaughty; not McDonald; didn't know Gullen; heard of his death; heard a noise in the morning of the 17th June; it was like a man in the agony of death. Shortly after 1 or 2 o'clock; listened for some time; the noise grew weaker, and, witness thought, nearer; shortly the noise was nearer and then close by the house; also a noise as of more than one person walking; it passed in front of the house going South; a noise like the foot going came back in about 10 minutes, about time enough to get to Huron St; then heard a wagon start, coming from east towards Milwaukee St.; it went South down Milwaukee st.; thought there was no horse; heard no tread; went past witness' house to near Buffalo St., and stopped; then went on; he thinks south; it started again; heard no more of it; the moaning continued over an hour; it stopped before the wagon was heard.

Cross Examined.—Was unwell and awake all night; the moaning was loud enough at first to be heard across two or three lots; there was some excitement before that, but not at that point; this party came very near the house; heard no other wagons during the night; very seldom hear wagons going that way; dont recollect of ever hearing single wagons going so strangely; is blind but heard a neighbors clock strike about the time; sleeps up stairs; window was open two or three inches; wagon seemed to start from about Huron St.; did not return before he got up; the moaning seemed at first to be between Huron St., and witness, towards the alley; came close to the house as a person could walk; the wagon seemed to come pretty fast.

By a Juror.—Thinks the party with the moans had just about time to go to the place from where the wagon seemed to start; the wagon rattled as if there was something loose.

[*Direct Resumed.*—The noise seemed like that of loose boards on the bottom; witness' hearing is better since his loss of sight than before.

Mary McCormick.—Is daughter of Mrs. McCormick already sworn; knows prisoner; recollects death of Gullen; heard no disturbance near prisoner's house; saw Connaughty next morning; [this witness testified also to the rubbing of Connaughty's feet on the ground;] saw afterwards the blood in the yard where the two were walking; went into McD.'s house; Mrs. McD. was sitting by the stove crying; Mr. McD. was in bed; did not notice any blood around the house.

Cross Examined—thought Connaughty was showing the other man something on the ground.

MARY KENNEDY.—Knows prisoners by sight—did not know Gullen; heard of the death; heard disturbance—got up to the window; thought it was a man and wife fighting; it was about 1 or 2 o'clock; lived on Jefferson street, a short distance from Connaughty's; heard a child crying, "Father, father, don't kill the man, or you'll be taken to jail in the morning,"—don't know what children they were; it was between McDonald's and Connaughty's house; heard two blows, as of an axe; heard what thought a man's voice saying, "McDonald, don't kill me!"

Cross-Examined.—It was not very dark—pretty bright—looked at clock, it was about 10 minutes to 1 o'clock—testified as to the axe before the coroner's jury; heard no other noise than those mentioned; heard no wagon; would have heard any loud moaning or groaning; could scarcely see the parties at all; the blow sounded as if it might be struck in wood.

MRS. ST. JOHN.—knows prisoner—did not know Gullen; heard of his death; did not hear the disturbance; saw Connaughty in the morning about breakfast time. He and his son stood between his house and Milwaukee street; showing the boy something on the ground.

Cross Examined—nothing additional.

ELLEN CANARY—recollects the case; heard a little noise on that night of children crying; saw persons standing in Connaughty's and Mallon's doors; stood there about half an hour; couldn't hear what was said; lived across one lot; door shut and window up.

Cross-examined—Couldn't see the persons fighting; could only see the children running about; saw DcDonald, who said he was going for John Shortell.

PATRICK ST. JOHN—Knows prisoners—lives next north of John Murphy; heard no disturbance on that night; saw Connaughty about 5 o'clock on Monday morning, at his own door, rubbing his feet on the ground (*witness showed how*); Connaughty came towards witness—the track of the blood was right across towards witness' house; Connaughty said nothing; passed along without saluting witness; Connaughty went along by Murphy's house towards the river; saw him as far as Detroit-st.; some of the blood spots which witness had seen were covered over with dust after Connaughty passed. On Tuesday morning, saw track of blood from Detroit down Milwaukee, looking for the body, about 20 rods; saw a place where there was the print of his head, and blood on both sides of it; body was found on Thursday; knew it to be Gullen's, at once; helped to take the body out of the river; Dr. Hatchard examined the body.

[The Court took a recess for dinner; in the interval the jury went down and examined the premises where the murder is alleged to have taken place.]

Afternoon, 2½ o'clock.

Patrick St. John.—Cross examined—saw Connaughty going as far as Detroit street, near the Soap-factory; C did not have a tar bucket in his hand; don't know whether Mrs. St. John, his brother's wife, got up in the night. heard another couple quarrelling in the house south of witnesses about 12 o'clock; Mrs. St. John did not call him up; did not see a wagon near Connaughty's house in the morning; didn't see him taking off wagon wheels or tarring the wagon, any time that day; the ground was dry and gravelly and quite level; C. did not walk as if he was lame; knew the body to be Gullen's by his features and his clothes; some of the people thought it was not, but witness was sure it was; it had no coat on. The body was found near a spile under the platform of the dock, with the face down, and hands hanging down. The ground was solid where the circle of blood was found near Detroit street.

JAS. D. BUTLER—lived less than a block from Huron-st; knew McDonald—not Connaughty, or Gullen; heard the disturbance on that night; heard cries of children; heard heavy groans as of a man beaten or near death; it continued till about 2 o'clock, appearing to grow weaker; heard a woman and children making much noise; heard no wagon; (witness also testified to seeing the blood in the yard)

Cross-examined—Lives south of Connaughty's house; groans seemed to be near that house.

JOHN SHORTELL—knows prisoners—knew Gullen; saw Connaughty on the Monday after the affair; he came along in front of witness' house; witness asked him "what was the fuss last night at McDonald's?"; he smiled; witness asked what they had been doing to John Gullen—Connaughty said he believed "Gullen had got a good licking"; witness said McD. and wife were after him to arrest Gullen; Connaughty said "wherever Gullen was, his head was pretty sore"; that part of Gullen's clothes were in his (Connaughty's) house, and he wished witness, if he saw Gullen's father, to tell him to go and get them.—Saw blood on the ground back of McDonald's house on Tuesday; it looked as if it had been covered over; traced the blood along on Milwaukee st., and couldn't find any more till crossing Detroit-st.—found a large spot of blood there, circular or something in that shape. Saw the body when discovered; Gullen was 23 to 25 years old; knew of no bad habits.

Cross Examined.—Have seen Gullen drink sometimes; wasn't much acquainted with him; don't remember his being in witness' store the day previous; didn't see anything peculiar about the blood spot below Detroit st.; no appearance of a head having lain there. McDonald and his wife came to witness' house towards morning; McD. wanted him to arrest John Gullen; so did the wife; one or two children were along; the first thing McD said was that Gullen was breaking his (McD's) shanty; Mr. D. said he and Gullen were friends, but Gullen was drunk; witness asked where Gullen was; Mr. D. said he didn't know; McD's wife said he was in Connaughty's house; McD said she lied; McD's wife said something about Gullen's abusing her.

Catherine Thornby—knows where prisoners lived—McD's shanty was on the rear of witnesses premises; heard of the death of Gullen some days afterwards; was asleep and was awoke by hearing blows; took out the window; saw a man going towards the Keystone State; heard two or three blows; and somebody cried out as if he was hurt, once or twice; couldn't tell where the noise was; went to McD's to borrow a saw on Tuesday morning; Mrs. McD. had some chickens killed; she said she killed them because they were starving; that they were going to sell out and go down east. Witness offered to buy the shanty; McD. said he would sell it for $5. They were arrested shortly after.

Cross-Examined.—The man coming out from the houses was a tall man and walked rapidly; it was a moonlight night; couldn't tell his dress.—McD's leg had been broken some time before; witness heard no wagon that night; the man that she saw went along with his head down.

Michael Bulger.—Lived in Van Buren street in June last; heard of the affair on Monday morning; knew Connaughty's wagon; a light one horse wagon; had narrow bottom boards for hauling dirt; saw the wagon on Monday morning; Connaughty's boy came where the men were digging earth for grading; witness tried to have the wagon back up, and the bottom boards turned up; they were covered with blood on the under side; the blood went nearly across all the boards in one spot; it looked pretty fresh; don't know if Connaughty had any other wagon.

Cross-Examined.—The boards were loose, dumping boards; don't know whether the wagon was used on Sunday; when he asked about the blood, the boy said they had a fight, and John Gullen was badly beaten, and lay stretched in the wagon.

Laurence Hogan.—Knew McDonald; didn't know Connaughty and Gullen; knew that Connaughty had a wagon at that time; saw it on Monday; when it came with the first load, the boy asked Gullen's father if his son came home last night; Gullen's father answered "no;" the boy said "he got a good beating last night from McDonald and his wife, and I gave him a good stroke, and here is some of his blood in the cart." Didn't look for the blood then.

Cross examined—didn't see the wagon or the children riding about on Sunday; never saw a box on the wagon.

PATRICK GUERIN—knew Gullen; knows the prisoners; knew of only one wagon owned by Connaughty; saw blood on the dumping boards on Sunday afternoon; they were lying on the ground near Connaughty's house; it was on three or four of the boards, running across the middle;

Cross examined—was street inspector at that time, dismissed all hands to search for the body after it was reported he was murdered; thinks the boy told him John Gullen lay on the boards; McD. and wife came to witness' house on Sunday night; they said somebody was breaking into their shanty; a young man who slept there told them they were drunk and to go home. Witness didn't speak to them; they went away; saw the wagon Sunday; the children were riding in it; it had a box on it.

By a juror—the blood looked as if a person had laid on it. Gullen was tall; about 5 ft. 10 or 11 inches.

(Witness also testified to seeing the blood on the ground.)

Frederick Schaeffer.—Lived in Huron street one block from Milwaukee street; knew the parties; heard a groan several times that night as he worked in his bakery, about 1 o'clock in the morning; (Mr. Stark was here sworn as interpretor; the witness is German;) the groans seemed 40 or 50 paces from him, behind his house; towards the river; Connaughty's house is directly back of witness' about 40 feet; the groans were continuous, at first loudest, until they ceased.

Cross Examined—commenced work at 12 and worked till day; didn't hear any wagon; thinks he would have heard a wagon going through there; didn't see the wagon on Sunday; don't know the wagon; saw Connaughty next morning walking about.

Direct resumed.—Made a good deal of noise about his work; the window was closed.

JOHN CUMMINGS—Was one of the coroners jury; examined Connaughty's wagon; found a few spots of blood on the reach and the hounds, rather fresh, as if it was spattered, not dripped on; wagon was about two rods south of front of the house; some blood on the boards; they had been used; the blood seemed to be near the end; saw none across the middle; the box lay beside the wagon; one of the boards was gone; it was bro't to the jury, but there was nothing about it connecting it with this case.

Cross-examined—The blood on the ends of the boards did not look as if the boards were laid together when it was put on.

Direct resumd.—A pair of pants, a shirt, and a woman's dress, were before the coroner's jury; they were quite bloody; an axe was there; there was blood upon it; it seemed rather fresh

Cross Examined.—Blood looked as if it might be got on by cutting off chicken's heads.

ALICE DROHAN.—Lived on Huron street; McDonald's and Connaughty's houses were the other side of the yard; heard a noise at night about the time; as if of men talking in great confusion; about 2 to 1 o'clock, heard moans of a man in a dying condition, and a woman and children saying "daddy, daddy;" heard a cart start on a sudden, making a great noise; it went towards Main street; heard no horse; you call it a wagon in this country; sounded as if it started in Milwaukee st.; heard no moans after she heard the wagon.

Cross Examined.—Don't think the wagon went on Huron street; the wagon was moving as long as she heard it.

City Matters.

WHAT I SAW IN LONDON—Or Men and things in the Great Metropolis; by D. W. Bartlet. DERBY & MILLER, Auburn, N. Y.

This is a collection of letters communicated to different papers in this country by the writer, giving his impressions of men and things in London, gathered during a two years' residence. The book is *embellished*—more than we can say of the majority of this class of publications—by a capital line engraving of William and Mary Howitt, or "Mary and William," as reads the subscription.—The book is one of the most entertaining journals of first impressions that we have seen. The pen and ink portraits of men well known on this side of the water, and everywhere where the English language is spoken, are well drawn, and the pictures of historical buildings and monuments lifelike. We are much obliged to I. A. HOPKINS & Co, for a copy of this entertaining book.

THE "MAI FEST."—Active preparations are on foot to ensure the success of this Festival on Monday next. Should the weather be pleasant, the attendance will be large. There are to be speeches, music, games of all sorts, and, in the evening, dancing. There will be poles to climb, pigs to chase, prizes of various sorts to run for, sack and wheelbarrow races, a match at cricket, &c. Competitors for the several prizes offered, are requested to leave their names before Monday with any member of the Committee of Arrangements, or at Mr. WETTSTEIN's on Market Square.

OUR RAIL ROAD TO THE MISSISSIPPI.—Mr BRODHEAD, the Chief Engineer of the Milwaukee and Mississippi R. R. Company, returned from his exploring tour along the whole route, yesterday afternoon. He expresses himself delighted with the country, and sanguine as to the entire success of the Rail Road. Mr. BRODHEAD will doubtless make an early report of his survey upon which the Directors of the Road will base their future action. We think his report will more than confirm the most confident anticipations of the friends of this important enterprise.

LAKE HYDRAULIC COMPANY.—This Company organized yesterday by the choice of the following Directors: HANS CROCKER, ALEXANDER MITCHELL, ANSON ELDRED, JAMES KNEELAND and JOHN LOCKWOOD. At a subsequent meeting of the Directors, HANS CROCKER, Esq., was chosen President, and ALEXANDER MITCHELL, Treasurer of the Company. We understand that the Company intend to proceed with their works forthwith.

THE "FAKIR OF SIVA."—This clever Magician astonished and amused a large audience at Gardiner's Hall, last evening, with his various feats of Legerdemain, Ventriloquism, &c. He gives a second entertainment, with a variety of new experiments, *to-night*. To-morrow afternoon, we understand, that the "Fakir" gives a *free* exhibition to the children attending the Public Schools in our city. It will be a great treat for them.

A FIELD DAY.—The Milwaukee Union Cricket Club intend to "make a day of it" next Monday, in honor of the proposed "Mai Fest." They will play a regular match; the wickets will be pitched at 10 o'clock A. M., and dinner and other refreshments provided on the ground. It is expected that every Member will be "on hand" on this occasion.

ICE CREAM SALOONS.—GOFF has fitted up his saloon in Martin's Block, immediately under Gardiner's Hall, in neat style and is ready to serve up cream and confectionary to the million. EMERY too, at his neat little box on Mason street, offers delicious ices, excellent cake and unfailing "molasses candy" to his numerous friends and customers.

CHANCE FOR A BARGAIN.—Mr. J. B. CROSS offers for sale, the very handsome brick house, with lots attached, on the corner of Mason and Jackson streets, in the First Ward. It is one of the best buildings and most desirable residences in the city.

MUSICAL SOCIETY—*Postponement of Concert.*—We are requested to state that unforeseen circumstances require the postponement of the Concert of the Milwaukee Musical Society, announced for this evening. The Concert will take place next Friday evening, June 4th, at the usual time and place.

☞ MACK, OETTINGER & Co., at No. 194 West Water Street, call attention, in our advertising columns, to their new and extensive stock of Spring Goods, which they offer for sale at very low rates.

☞ All who want good furniture should attend the sale in the Fourth Ward, near the Spring Street Bridge, by Shannon & Conover, this morning, at 10 o'clock.

ASSESSORS' NOTICE.—The attention of Tax-payers is directed to the notice of the City Assessors in our advertising columns.

HAIR MATRASSES.—ROONEY invites attention to a lot of these comforts for hot weather which he has received for sale cheap on commission.

FATAL RAILROAD ACCIDENT.—We learn from Sheriff Church, that an old French lady, who in company with her sister, was on her way from St. Louis to Detroit to see her friends, in stepping on the cars at Kalamazoo on Sunday, as the train was starting, missed her footing and fell under the wheels of the train. She was killed almost instantaneously, the wheels of the train passing transversly over her person.—*Chicago Democrat* 26 inst.

HOOFLAND'S GERMAN BITTERS.

THESE celebrated Bitters prepared by Dr. C. M. Jackson, 120 Arch-st, Philadelphia, are performing astonishing cures throughout the whole country. We can bear witness to their curative powers in the case of a friend of ours who had the Liver Complaint, and who had tried almost every other medicine, but without effect. After taking a few bottles of these Bitters he was entirely cured. To those who are similarly afflicted we recommend them to take the preparation, knowing that they will cure the disease spoken of, and many others to which ' flesh is heir to. There is a spurious article made in Philadelphia. The only place to get the genuine article is 120 Arch-st, Philadelphia, of Jackson, or his agents throughout the country.

Mr Jones of Tenn, moved in order to facilitate business hereafter, to call for reports daily to the exclusion of all other business till the committees are called. The motion was carried and the committees were then called on for reports.

Mr Atchison moved that the Senate go into executive session. He said if the rules permitted he could show that it was of the greatest importance. The motion finally carried. The Senate are supposed to be engaged on a Indian treaty

New York, May 22—2 P M

Capt Floyd's physician has written a letter wherein he states the charge of inebriety reported against him is a grievous mistake, but that his malady was such a one as to render perhaps the error excusable

The Washington Correspondent of the *Commercial Advertiser* says the Senate will probably not pass the deficiency bill for another week.—The bill will occupy a month in the House, and therefore it will not be necessary to pass it at all.—The fiscal year will terminate on the 30th of June, and the bill is to supply deficiencies for this year, accordingly there is some talk of laying this bill on the table in the House, and taking up the regular appropriation bill.

The Washington sails at noon with 30 passengers and $30,000 in specie

Chemical Hair Invigorator,

TO prevent baldness, and to restore the Hair that has fallen off or become thin and to cure effectually scurf or dandruff. Prepared only by S JOHNSON, Jr, 151 East Water Street Milwaukee

The subscriber respectfully informs the public that he has made recent improvements in the manufacture of the celebrated CHEMICAL HAIR INVIGORATOR. It was [illegible] and more as [illegible] for DISEASED hair, [illegible] but by a late discovery the proprietor is now manufacturing it on a more extended scale and in [illegible], that will not deteriorating, from its beneficial qualities, [illegible] desirable as an appendage to the Toilet

The INVIGORATOR is considered infinitely better than [illegible] the hair and is an article in which a [illegible] is beautifully blended, with a most [illegible] moisture for the hair never before [illegible] of animal grease or essential oils. It [illegible] a healthy action of the blood [illegible] nerves &c, which free the hair, thereby preventing bad and cutaneous diseases, entirely frees the [illegible] other cutaneous diseases, disposes the [illegible] and keep it so, will positively [illegible] into the most soft healthy and glossy state, also imparts to it a darker color and the flexure of it will keep both the [illegible] a healthy and luxuriant state until the latest period of life

Ladies will find the Invigorator a great addition to the Toilet both on account of its delicate and agreeable perfume and the great facilities it affords in dressing the hair, which when moist with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls. When used on children heads it lays the foundation for a good head of hair

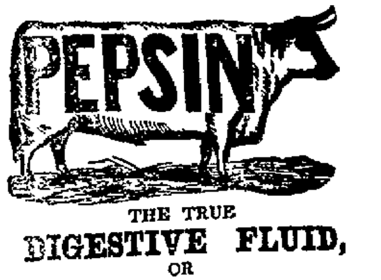
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851 by J S HOUGHTON, M D, in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

Dr. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!



THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J S Houghton, M D, Philadelphia, Pa

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested just in the same manner as they would be in the human stomach"

Dr Pereira in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira

Dr Combe, in his valuable writings on the "Physiology of Digestion" observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint finding everything else to fail had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful

Dr Graham, author of the famous works on "Vegetable Diet," says "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process

Professor Dunglison of the Jefferson College, Philadelphia in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions"

Dr John W Draper, Professor of Chemistry, in the Medical College of the University of New York, in his Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be

Dr Carpenter's standard work on Physiology which is in the library of every Physician, and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is that it has not before been applied to the cure of indigestion and dyspepsia—so naturally does such a use suggest itself to the mind

AS A DYSPEPSIA CURER.

Dr HOUGHTON'S PEPSIN has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement, but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia New York and Boston alone. These were nearly all desperate cases and the cures were not only rapid and wonderful but permanent

It is a great Nervous Antidote and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs upon the Digestive Organs after a long sickness. Also for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms, and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c

Dr Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians

Private Circulars for the use Physicians, may be obtained of Dr Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J S HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured

☞ Sold by all Druggists and Dealers in Medicine

THE WORLD'S FAIR PREMIUM SAFES.

DEPOT,

Green Block, Water St.,

(Between Maiden Lane and Wall Street,)

NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stilwell & Montross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co. in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

SALAMANDER SAFES.

WILDER'S PATENT AND RICH'S PATENT COMBINED.

$100,000 SAVED.

FIRE in Pearl Street and Fletcher Street, New York.—Three Stores and their contents destroyed. Deeds before words!

RICH'S SAFES AGAIN!

ELEVEN SAFES of different makers consumed, with their contents! The Safe made by Rich & Co. defied the flames and brought out its contents without a mark of fire upon them!

MR. GILBERT'S LETTER.

THE FIRE IN FLETCHER AND PEARL-STS., NEW YORK.

New York, Dec. 20, 1851.

Messrs. STEARNS and MARVIN, successors to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 216, Pearl Street, I was absent in Rensselaer County, testing a new cleaning apparatus in connection with my Excelsior Thresher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 10 hours before I was enabled to commence operations; after which it required 54 hours of labor and application to raise the Salamander from its ashy bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $7,000, yet the salvation of my books in your Salamander, with the representatives of $[illegible], and important documents which could not be duplicated, has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits at my present office, No. 231 Pearl street, where I shall remain until the new building, No. 216, is erected.

Yours respectfully, JOSEPH G. GILBERT.

The undersigned invite country merchants and those interested in the preservation of their books from fire, (but particularly those having Rich's safe in use) to call at the depot 146 Water street, New York, to see the interior of Mr. Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

MISCELLANEOUS.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq. the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
Philadelphia."

May 19, 1849.

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

HAWKINS'

STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge,* and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

G. GRÆSSLE'S PRESSED, FIRE-PROOF TILING.

CERTIFICATES OF RECOMMENDATION.

BY the present, I attest my entire satisfaction with the roof of my house, covered with the pressed, fire-proof Tile, invented by Mr. Græssle; having found them perfectly secure during snow-storms, rains, wind and intense cold. I hereby take occasion to recommend said roof covering to every house-builder, inviting them to satisfy themselves by ocular inspection of the excellent quality of the same.

ENNO MEYER,
Druggist, 374 W. Water-st., 2nd ward.

Milwaukee, Feb. 3, 1852.

The above I found true in every respect, as to the roof of my house, covered with the same tile, invented by Mr. Græssle.

AUGUST KRUG,
Brewer, Chestnut-st., 2nd ward.

The undersigned, having carefully examined the pressed roofing Tiles, invented by Mr. Græssle, have found them perfectly answering the purpose intended. Their practical and ingenious construction recommend this kind of Tile, not only as a fire proof and perfectly water-proof covering, but above all for its durability. The ridges and channels not only exclude the entering of snow or rain-water, but, by their firm and precise joining of one into the other, they give to the single Tile as well as to the whole covering an absolutely moveable position and an intimate connection. Besides this, Mr. Græssle's method of burning the Tiles, deprives them of the injurious tendency to absorb water, making them in this way durable; and joining to the above another virtue, viz. that of dispensing with repairs. The undersigned therefore consider ourselves fully justified in recommending to the building community the above roofing Tile as an excellent and valuable material.

OTTO SCHWARTZ, } Architects
VICTOR SCHULTE, } & Builders.

Milwaukee, Feb. 5, 1852.

To G. Græssle:—I have examined the Roofing Tile made by you, and have no hesitation in recommending them to general use, and particularly as a fire-proof roof.

CRANE'S PATENT SOAP took the FIRST PREMIUM at the STATE FAIR at Janesville; also at the State Fair of the State of New York, and at the Great Fair of the AMERICAN INSTITUTE. If any are still skeptical, let them read the following—the names to which might be indefinitely extended—and then try it for themselves, and if it don't succeed, they don't follow the directions:—

"We have used CRANE'S PATENT SOAP in our families for the past eight months, and pronounce it FULLY EQUAL to its recommendations. We do not discover that it injures clothing in the least. It is the cheapest soap in use. We should not willingly do without it.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the Foundry business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST

DOUBLE OVEN COOKING STOVE,

(Which received the First Premium at the State Fair, lately held at Janesville.)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamented, highly finished, and perfect in every respect—the centre front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, that are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat and are willing to save 25 per cent, to call and see us.

PATENT MEDICINES

Graefenberg Medicines

HAVE YOU USED THEM?

AS popular medicines, prepared carefully and scientifically, and adapted to the wants of the American public, they have no superiors. They are emphatically what they are represented to be, *genuine,* and free from *Humbug,* intended as much to *cure* as to *sell.* When once used, they are universally relied upon, and no *Family* should be without these truly valuable aids to *Health.* In many instances the *regular faculty* recommend and use them, such is their force over the prejudices of those so generally opposed to the circulation of POPULAR MEDICINES. No *Family Physician,* in ordinary cases, is needed by those who own the *Graefenberg Manual of Health,* and strictly abide by its directions in the use of the medicines.

A word to the *wise* is sufficient, without the publication of certificates, which we have of the most flattering description always open for the inspection of the incredulous.

We will enumerate in conclusion the various preparations of this Company, which may be found in every town in the State throughout the Union.

THE GRAEFENBERG SARSAPARILLA, is purely vegetable, no *big bottle humbug,* or pleasant drink, but *as it should be, a Medicine* of the greatest power in promoting an entire change in the system, by eradicating those impurities of the blood which are the seeds of almost incurable disease in man.

THE GRAEFENBERG DYSENTERY SYRUP.—Public approbation has stamped upon it the character of *perfect.* It has checked the ravages of *Cholera* in its last stages, and for bowel complaints it has no equals.

THE GRAEFENBERG VEGETABLE PILLS, are particularly valuable for the prevention and cure of *Fevers* in general. They act gently, naturally and surely and in connection with our *Health Bitters,* are a certain and speedy cure for the Fever and Ague. The *Bitters* have a wonderful effect in invigorating a debilitated system.

THE GRAEFENBERG GREEN MT. OINTMENT.—In reducing inflamation, healing burns, bruises, and all injuries to the body, we can confidently recommend this salve to all as being most efficacious. In the *Mineral Region* of our State its merits are universally appreciated.

THE GRAEFENBERG EYE LOTION.—An unpretending article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from injured or diseased eyes. Try it.

THE GRAEFENBERG UTERINE CATHOLICON.—This is perhaps the most valuable medicine of this Company, inasmuch as it reaches cases despaired of by the most scientific physicians. For Prolapsus Uteri, and all complaints incident to *Females,* it will be found a safe and speedy remedy. Let no *afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial. Inquire of the agent for the pamphlet in relation to it.

THE GRAEFENBERG PILE OINTMENT, CHILD'S PANACEA, &c., are all invaluable remedies, directions for which and all the medicines are attached to each.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF

In a few seconds

WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and beautiful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.

PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF

IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.

PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.

CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine.—We speak knowingly of Dr. Hoofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all billous diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co, of Buffalo, which is a worthless imitation and the pamphlets a "BASE FORGERY" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer.
